March 30, 2020

Dear Staff, Parents, and Students of Concho Elementary:

In an effort to address the Coronavirus (COVID-19) and its effects on continued education, the Concho Elementary School Board wants to reassure you that we have been in communication with Mr. Yoder, the District Administrator. Together we are keeping up to date with the guidelines set by the Arizona Department of Education and the Legislature.

As of March 30, 2020, Governor Doug Ducey has extended the closure of all schools for the remainder of the 2019/2020 school year. We have authorized the Administration to act upon the contingency plans necessary to ensure continuous educational learning opportunities during the weeks ahead. The provisions for weekly homework packets, access to online resources, alternative assignments, and the ability to call or video conference with a teacher are or soon will be in full effect. Information on graduation will be forthcoming. All statewide assessments, including AZMerit2, have been cancelled for the school year. The Administration will provide more information as it is learned. During this time of food rationing and the continuously early closing hours of grocery stores locally and nationwide, we will continue to provide meals free of charge to all children under the age of 18 years old under the National School Lunch Program's Seamless Summer Program. If you are not on the list and need assistance, we encourage you to call Mr. Brown (928-207-6113) to take advantage of this program.

We'd also like to take the opportunity to express our sincere gratitude. We have seen commitment and dedication from all employees that continue to show up and perform their regular responsibilities. On top of that, almost everyone has taken on alternative duties to provide behind-the-scenes support during this difficult time. We will see to it that there is no disruption in teacher and staff pay due to the effects of COVID-19. We appreciate and see value in every person invested in the care and quality of education the school provides for its students.

We are invested in seeing Concho Elementary through this difficult and uncertain time, and this means we are invested in you – the employee, the parent, the student. If there are special services or needs that are within our capability to address, please reach out. Take the time to stay up to date by visiting the school website. By being informed, we can make the best well-informed decisions to move forward. Hold on to the vision you have of what it means to be a Concho Colt. We will see through this uncertainty together.

Thank you for your continued support and patience during this time. Stay at home, stay safe, and we'll see you soon.
