Dear Families,

We're pleased to announce our learning plan for the first quarter. The Governing Board approved our distance learning plan and it will be submitted to the Arizona Department of Education this week. Due to all of the continued uncertainty surrounding when we can open for actual classes, the Board also approved continuing distance learning through the end of the first quarter which ends on Friday, October 9, 2020.

We have posted our distance learning program on our website and the school Facebook page. Here is a summary of what will occur during that time:

- Our distance learning will consist of a combination of both paper and digital packets.
- We will distribute netbooks to each student in the 3<sup>rd</sup> through 8<sup>th</sup> grade once we receive the covers we have ordered.
- The netbooks will be preloaded with the student's lessons and will not require internet access.
- Attendance will be taken based on work completion so it is critical that students complete their lessons each week.
- Beginning Monday, August 17, we will be able to schedule appointments for a limited number of students each day to provide onsite learning assistance.
- All students and staff will be required to wear face coverings per Governor Ducey's Executive Order 2020-51.

Your child(ren)'s teacher will be contacting you during the next few days to introduce themselves and to discuss any specific needs you may have at this time.

This has been a challenging time for all of us and we truly appreciate your continued support as we work together to provide the best education possible for our students.

Sincerely,

Mr. David Embrey  
District Administrator
