Dear Families,

We're pleased to announce that we will be continuing In-Person classes now and after Spring Break. The governing board has approved In-Person learning only beginning with the 4<sup>th</sup> quarter, March 22, 2021. If your family should require an on-line learning format, we can offer options available. Please contact the school if this is necessary.

The requirement for face coverings will still be in place as we continue in-person classroom instruction. If your child has their own mask they may wear it. If your child does not have a mask we will provide one for them. We also have face shields available for those who cannot wear facemasks or desire to wear a face shield rather than a mask. Our COVID-19 mitigation plan and procedures are posted on the school website.

The school has had no staff members test positive for COVID-19, although several have been tested because of exposure to a positive individual. Additionally, only two students have tested positive for COVID-19 during the past six months with no school community spread.

Thank you for your support during these challenging times.

Sincerely,

Mr. David Embrey  
District Administrator
